

We Pray for Nicaragua

Loving Father,

You give us the gift of learning.
You are the source of our curiosity.
You are the reason for our understanding.

Provide and comfort the UCA community.
Provide for those who desire an education.
Teach us to stand in solidarity with those in need.
And help us honor all who instruct us in Your ways.

Amen

We Pray for Nicaragua

In August of 2023, as students, teachers, and families in the US prepared for the new school year, the Universidad Centroamericana (UCA) community in Managua was closed by the government.

After months of repression and unwarranted treatment by the government, the university ceased all academic and administrative operations after a criminal court ordered its property and financial accounts transferred to the government.

We continue to pray for the UCA, Nicaragua, and all places where the right to education is restricted by government actions.
